

## SEN Information Report 2025 - 2026

Arlesdene Nursery School and Pre-school is a Maintained Nursery School situated in Cheshunt, Hertfordshire. As a school, we pride ourselves on supporting all children and their families as they start their educational journey. We have adapted our provision to ensure that we can meet all children's needs and as a result, we have a high proportion of children with Special Educational Needs and/or Disabilities. This year 32% of children in our school have SEN compared to 20% Nationally and 19% in Hertfordshire. We recognise that children with SEND may need more support; this SEN information report should answer any questions you may have. This report has been designed with children at the heart and through close working with parents and Governors.
