Dear Parents/Carers

We are very lucky at Arlesdene to have the opportunity to work with a charity organisation Pets As Therapy. Lucy is a 4 year old cross breed dog who wants to come and visit the children once a month in nursery. We are very excited about Lucy visiting and the enrichment that she will bring to the children and the nursery.

A risk assessment will be in place before Lucy visits and the children will have the opportunity to see her in very small groups in a calm area of the building if they wish too.

If you think your child may be scared or is allergic to dogs please can you inform your key person or alternatively speak to me if you have any concerns.

Kind regards

Claire Cobain
Teacher & SENCo
